

LRI Report - teste_df_2

Phase 3 - Formulated Problem

For the practical problem (what/how/why)

Many ml Researchres..

In the context (where/when)

eaweaw

with the following implications / impacts (why)

bla bla

For the stakeholders (who)

eawwe

we have the following evidence (how)

ewaaw

And we want to investigate - objective (what/how)

ewa

Answering the following research questions (what)

ewa

Phase 4 - Assessment Averages

Value: 7.00 (1 responses)

Applicability: 3.00 (1 responses)

Feasibility: 2.00 (1 responses)

Decision

GO

The formulated problem received a 'Go' because of its high perceived relevance!
