

# LRI Report - teste\_df\_2

## Phase 3 - Formulated Problem

For the practical problem (what/how/why)

- Many ml Researchres..

In the context (where/when)

- eaaweaw

with the following implications / impacts (why)

- bla bla

For the stakeholders (who)

- eawwe

we have the following evidence (how)

- ewaaw

And we want to investigate - objective (what/how)

- ewa

Answering the following research questions (what)

- ewa

## Phase 4 - Assessment Medians

Value: 7.00 (median, 1 responses)

Applicability: 3.00 (median, 1 responses)

Feasibility: 2.00 (median, 1 responses)

## Decision

GO ?

The formulated problem received a 'Go' because of its high perceived relevance!
